

Plastic-Free

JIFFY SOLUTIONS

Plastic-Free Solutions

Helping you reduce plastic usage

Is your business under pressure to reduce plastics from governments, shareholders, or consumers? Jiffy can help. Our range of Plastic-Free Solutions includes pots, sleeves, and trays. They're 0% plastic, 100% reliable.

Proven performance

Jiffy Pots Original have been the No. 1 choice for years. Compostable and biodegradable, yet keep their shape in-store. Excellent root growth ensures attractive, salable plants, reducing waste.

Best choice for retailers

Combine the pots with the rest of the zero-plastic range. The range is fully coordinated and printable. They will protect your plants in-store and save water.

This is why you choose Jiffy Plastic-Free Solutions

- 
STRONGER ROOTS
- 
SUSTAINABLE
- 
ZERO PLASTIC

Why choose Jiffy Pots Original

- Jiffy Pots Original are the eco-friendly, sustainable alternative to plastic that consumers want.
- They have a clean, natural look. And they're proven to keep their shape beautifully, meaning less in-store waste.
- Biodegradable, so consumers don't need to de-pot. When they get their plants home, they simply put them in the ground.

Why choose Jiffy Pot Sleeves

- Jiffy Pot Sleeves are made of compostable cardboard instead of plastic: they're sustainable and recyclable.
- Protect plants from consumer handling and in-store dehydration, helping to reduce waste.
- Attractive look that is fully customizable with your brand, logo, and other messaging.

- 
SUSTAINABLE
- 
SOLUTION DRIVEN
- 
PARTNERSHIP

- 
SUSTAINABLE
- 
ZERO PLASTIC
- 
INNOVATIVE

Why choose AllNature Trays

- Made from 100% recycled paper cardboard, AllNature Trays are fully recyclable. No chemicals are used during production.
- Fully customizable with your brand name, logo, and other messaging.
- Plant-friendly design that combines perfectly with Jiffy Pots Original and R2 Pots for an appealing look in-store.

Let's work together

Jiffy is the leading global supplier of growing media using renewable resources and bio-based materials. We aim to serve you, our customers in plant propagation and cultivation, to achieve better results. We can do this together by continually improving, innovating and working towards our common goals based on facts, teamwork and involvement. Let's develop sustainable plant growing solutions together: starting today!
